# Keyingham Village Hall

The more observant among you, will have noticed that the outside of Keyingham Village Hall has had a makeover. It is surprising what a coat of paint and new signage can do.

This didn't just happen. Members of the village hall committee have spent many hours working on behalf of the villagers to improve the appearance of the hall.

This together with the replacement of the heating system. Has made the venue more suitable for village events. The update to the heating control system will also improve the efficiency and hopefully reduce the cost of heating the hall. It will be noted that the lighting for the new signage is solar powered. The internal

lights to the hall have been replaced with energy efficient LED.

On the opposite page you will see events that are scheduled for the village hall over the next few months. All this adds to the amenities in the village..

All this has only happened due to the hard work of a few villagers.

To enable the village hall to continue to be a great venue for events in the village the following are needed.

More people who are prepared to give time in helping with existing events. They can contact members of the village

committee to offer to help.

Support for the events. The committee are happy to put events on however without your support, then events are run at a loss and this places a burden on the economics of the village hall.

So how can you help:

Offer your time by contacting Mark Ward via email:  
amward1970@gmail.com  
Claire Selby:  
claire.selby75@gmail.com

Attend events at the village hall and by doing so you will be supporting the village.

Give your ideas on what you would like to see at the village hall, especially what films you would like to see.

Finally you could always book the village hall for an event of your own.

Remember it is an amenity for the village but it doesn't work on its own. It needs your support.

# Information from Police and Fire Brigade

## You can't smell smoke while you sleep!

This simple statement holds a powerful truth. That's why having smoke alarms is crucial for your safety

## Become a creature of habit

Try to get into the habit of following your own course of action when you lock up your home. This will ensure that you don't forget anything.

Here's what we recommend you do before you go out:

Close and lock all your doors and windows, even if you're only going out for a few minutes

- double-lock any door
- make sure that any valuables are out of sight
- keep handbags away from the letterbox or cat flap and hide all keys including car keys, as a thief could hook keys or valuables through even a small opening
- never leave car documents or ID in obvious places such as kitchens or hallways
- in the evening, shut the curtains and leave lights on
- if you're out all day, then it's advisable to use a timer device to automatically turn lights and a radio on at night
- set your burglar alarm
- make sure the side gate is locked
- lock your shed or garage

**lock your bike inside a secure shed or garage, to a robust fitting bolted to the ground or wall, like a ground anchor**

## Going away?

1 Here are five tips to help you keep your home and belongings stay safe while you're away:

1. if you're off on holiday and wish to post anything on social media, make sure your posts aren't public and that they're only seen by your friends
2. leave lights and a radio on a timer to make the property appear occupied
3. get a trusted neighbour to keep an eye on your property or join a Neighbourhood or resident Watch Scheme
4. consider asking your neighbours to close curtains after dark and to park on your drive
5. remember to cancel newspaper and milk deliveries

## **Please support our Parish Church**

All of us are facing rising costs and the church is no different with utilities, insurance, maintenance and repairs becoming increasingly expensive whilst our income is falling at an alarming rate. To dispel a commonly held myth, St Nicholas does not benefit from a bottomless pot of cash held by the central church, it relies solely on the generosity of the community, a few local businesses and a small but dedicated band of fundraisers and helpers who are doing their best to, "keep the roof on".

Regrettably, one of our neighbouring churches closed its doors last year but in Keyingham we are doing all we possibly can to keep our church open for

future generations and to meet the needs of our village community be that for weddings, christenings, funerals, school services, Remembrance commemorations, etc., etc.

If you are able to help in any way or would be willing to consider a one off or a regular donation to the church then please get in touch. Remember, every little helps!

Speak with Sue (07814 398121) or John (07702 636245)

Thank you.
