

KEYINGHAM PARISH COUNCIL

FORWARD

October/ November, 2019 No 67

By Villagers for villagers

KEYINGHAM VILLAGE PLAN STEERING COMMITTEE

Joint East Riding of Yorkshire and Humberside Police Street Meeting

From L to R: PCSO Eades, Councillor Lyn Harding, Councillor Paul Whitehead, Beharroll, Pete Hayes, PCSO Wriglesworth, Parish Councillor Jane Kinneer, Councillor David Tucker.

A meeting was held at the War Memorial in Keyingham on Saturday 21st September where Councillors and Police Community Support Officers (PCSO)'s were on hand to hear problems the villagers face within the Keyingham area. Members of the public brought to the representatives their concerns regarding speeding through the village and illegal parking. The Police hold a monthly open meeting within the village and the Councillors are to hold a meeting three times a year. The next police surgery will be held on **Sunday 13TH Oct.** on the carpark of Saltaugh Road playing field from 6.30p.m. -7.30p.m.

Parish Council 'Round-up'

During the Summer months the Parish Council have been working on a number of large scale projects around the village.

Fences surrounding the Garth, and those dividing the Allotments form the Amenity area on Saltaugh Road, have been cleaned and repainted and are looking much improved. These two areas will be completed before the end of October, though the Cemetery Gates may need to wait until the Spring, weather dependent.

The drainage works to pot-up the dyke running along the south side of Saltaugh Road Amenity area are now complete, and the next stage in this area will be to add a shelter belt of trees & shrubs to protect the sports pitches.

Council recently approved a quote for the work to create a separate area for dogs to exercise and socialise with other dogs and their owners on Eastfield Road Amenity Area, and this work will commence shortly.

Again, until this work is fully completed, the Council would ask for the support of all users, particularly dog owners, to ensure that the area is not used as a dog exercise area, remembering that a prohibition notice is still in force at this facility.

Following the 'Streetscene' walkabout with ERYC in June, Parish Councillors have worked hard to improve some of the overgrown/neglected areas where overhanging vegetation was blocking walkways. The Parish Council are working on a cooperative arrangement with ERYC to prevent areas becoming unmanageable and difficult to maintain. If you have time to spare and would like to get involved please contact the Parish Clerk.

Repairs to the Bus Shelter near to the entrance to Boyes Lane were completed, with positive feedback from residents on the use of clear panels to aid visibility.

Winter planting in the cemetery and beside the War Memorial is underway.

In preparation for this year's Remembrance Day Parade on 10th November, preceded by a

Service of Remembrance at St Nicholas Church at 10.00am.

The Keyingham Heritage Trail, Blue Plaque Scheme is building momentum and the 'Village Plan Team' have recently approved a further 5 plaques to add to the 'Keyingham Heritage Trail'.

Councillors are keen to ensure that the PC continue to receive updates on the actions following the recent Ofsted Report on Keyingham Primary School, and the progress towards the merged GP Services in South East Holderness. To ensure we are regularly updated Cllr Dave Tucker, ERYC, attends alternate Council meetings and is eager to receive your feedback.

The difficulties we were experiencing in uploading material to the website are gradually being resolved, and new information added, though we are still experiencing a few glitches! We are starting to add pictures of Events and Council activities.

If you have taken pictures of the beautiful sunsets countryside or wildlife in and around our village and would like them to appear on the website, please email them to us.

There is still a vacancy on the council, anyone who thinks they may be interested in getting involved in supporting their local community should contact the Parish Clerk on keyinghampc@outlook.com 01964 626300.

Copies of the forthcoming Agenda and the confirmed minutes of PC meetings can now be viewed via the website: keyinghamparishcouncil.eastriding.gov.uk

The PC meets on the second Wednesday of every month at 7.30pm in the Rainbow Room, Village Hall.

Members of the Public are always welcome to attend meetings, observe, and contribute ideas.

Julia Billaney, Parish Clerk

Feed-Back

St Nicholas News

Thank you to everyone who came to our strawberry tea in July, we raised £250.00.

Unfortunately, due to the weather the decision had to be made to cancel the dog show, the good news is we will be holding it again next year.

Another big thank you to the people who came along to our 1940's evening, everyone agreed what a fantastic night it was, we were entertained by the beautiful singing voice of Cherie Lawrence, thank you to Nev and Glenda Clarke for their help in taking the village hall back to the 1940s with their decorations, and starting and ending the ball with the air raid siren. Another £200 was added to our funds.

A sunny day brought people out to grab some bargains at our jumble sale enabling us to make £130.00.

The total for the **Friends of St Nicholas Church Kitchen Project Fund** now stands at £1308.00.

Twisted Belles Burlesque

Ladies, Ladies, Ladies of Keyingham and surrounding areas. Is it time to try something new? Are you looking for a new challenge? Why not come along and join our Burlesque family? Build your confidence! Burn those calories and have fun, as well as meet new people. Classes are every Tuesday at Keyingham Village Hall 10am to 11am.

All you need to bring is yourself! Wear leggings and a comfy top and plenty of water. It's only £5 per class and it's pay as you go.

I joined a year ago and have never looked back!

Come along and join the fun and laughter.

Lady La Quill (Nikki)

Coffee and cake morning – Saturday 16th November St Nicholas Church 10.30 – 12.30

Christmas flower arranging demonstration – Saturday 7th December- time to be confirmed.

Boyes Lane

An asset for the village.

Due to the hard work of villagers, and supporters of the village, much has happened to the facilities on Boyes Lane field.

This is an asset which will be available for all villagers in the future years. It is important to realise that Boyes Lane is a blank canvas on which you as villagers can add your own creativity and suggest uses for the area.

Although the parish council supports and owns the field, many external sources have helped to finance the facilities and or have provided materials and manpower to ensure that the villagers have a truly useful venue.

The machine storage shed now has a 'Porch', which offers a covered sitting area as a shelter from the rain, where villagers can meet. The fixings were provided by Ian Fletcher and expertise by David Stiggants and Ray Howes.

A new accommodations block has been provided by David Lee. The transport for this 40-foot block was provided by Ben Rowe. The crane driver who moved the block was amazing in the way that he managed to manipulate the block around

hazards. Including glass houses and trees. A true expert at his job.

When the building has been refurbished it will provide a facility that could be used as an area where school children could be

given talks on nature and the natural environment of Keyingham.

The area is used for the annual Folk Festival and a suggestion has been put forward for a bonfire party to be held next year. Other suggestions are that the area can be used for a camping facility for the

scouts and guides as well as site for a team building weekend for fathers and sons of our rugby teams. Depending on the level of light pollution it may be possible to use the field for Star Gazing. We have catering facilities in the village so the site can be used for outdoor events. To book these facilities, to make suggestions on uses for the area or to offer help contact Ray Lawton (623371) or Jed Lee (626595).

Acknowledgements must go to:
Co-Op for funds to enable the building of the "Porch"
Ian Fletcher for tools, screws and fixings for the porch
David Stiggants and Ray Howes for expertise in construction of the porch.
David Lee for providing the new building
Ben Rowe for the transport of the new building.
And of course, the Boyes Lane Committee.

Holderness Vikings

Successful Primary Season down at Vikings

September sees a transition for the young players at Holderness Vikings as they move up a year at school and play their final games in their prospective age groups of the 2019 season.

With significant growth in the primary section of the club this saw almost 100 players finishing their season in the U6-U10 age groups.

Its been another strong season with our U6's, graduates from our FREE cubs section, regularly fielding 3 teams in the inaugural season and showing great skill and commitment at such a young age.

Our U7s have continued to deliver on the promise shown in their first season in 2018 and added trips to Yorkshire Gala Days to their rugby league experiences.

Playing their last season on Tuesday nights the U8's have continued to expand the style and quality of rugby they play and made their debut at Europe's biggest RL competition at Butlins in May, doing themselves and the club proud.

At U9's the squad has grown with some new additions adding to the core group playing their fourth season as they made

the transition to bigger pitches and new rules, coping exceptionally well and playing some great rugby. The y move on to a larger format of the game in 2020 which they are all excited for.

The U10's compete their final season playing mid week and have fielded two sides throughout the season. The move to give players more game time has certainly paid off and they've competed well all season and can now look forward to the new season as one squad playing full rules and getting a taste for weekend fixtures.

All in all the kids have represented themselves, their club and the wider area superbly on a consistent basis and our thanks go out to all players, families, supporters and sponsors on a successful season. We will be training throughout the winter so if anybody has children wanting to give the sport a try they can get in touch through our FB page or email holdernessvikingsyouth@gmail.com

In the next issue we will update on the older teams, U11,13 and 15s who will be finishing their seasons over the coming weeks and some events and changes taking place in the off season. <https://www.holderness-vikings.com/>

As I have said before, at one time we had lots of contact with the police and we were never short of news directly from them, however, due to other demands being made on them we now have little time to meet to discuss problems and initiatives that might affect people in our area.

I was looking on the Humberside Police website and I saw a new initiative which the police are undertaking called SHARING THE ROAD. This seems particularly relevant not only on the road but also on the pavements, so I would like to share the ideas with you.

Sharing the road is all about asking all road users to think about their attitude while driving on the road. If drivers were a little bit more considerate rather than grumbling and complaining about others, stopped tailgating and trying to urge others to go faster and losing their tempers then we would have better, safer and less stressful journeys.

This advice applies to all road users - motorists, cyclists, drivers of vans and lorries and also pedestrians and mobility scooter drivers.

Nowadays with the general pace of life we all face stress and strain throughout the day.

Please don't take your grievances out on other drivers. On the road don't be tempted to become competitive just because somebody over takes you, or does something which you think is unwise in the circumstance don't be tempted to retaliate.

Police are asking everyone to be considerate and SHARE THE ROAD. We all want to get safely to the end of our journey without accidents or incidents. Pedestrians and users of the pavements should also follow the same advice. With more motorized vehicles becoming used nowadays we find the pavement being used by the drivers of mobility scooters, cycles, motorised scooters etc.

Once again this requires us to share. Pedestrians must be aware of the drivers presence and when riding on the pavement the driver's of such vehicles should always be willing to stop and wait while the pedestrian passes them.

In other words for safety's sake be considerate to others at all times and behave appropriately.

The next police surgery will be held on SUNDAY 13TH OCTOBER on the carpark of Saltaugh Road playing field from 6.30p.m. -7.30p.m. A member of the local policing team will be present to discuss any issues of concern.

Local Information from Police website

Police are warning farmers in Holderness to be vigilant following a spate of thefts from farms overnight Tuesday 27 to Wednesday 28 August PCSO Darren

Bainton from the Humberside Police Rural & Wildlife Crime Team said, "Several farm vehicles have been targeted and their GPS systems have been stolen.

ENVIRONMENT

When embarking on the planter project we were not quite sure how practical it would be but after several years of trying we have proved that it is both practical and sustainable with the help of members our committee and those householders who throughout the village have helped to water and maintain the planters.

Now we feel that we would like to start replacing the wooden planters with concrete planters which will save a considerable amount of work collecting and redistributing planters each year. The planters cost approximately £50 each to purchase so this will have to be done gradually and we are planning to replace four each year. If you would be willing to sponsor a planter or buy or contribute towards the purchase of one then please contact Ray on 07934692273.

Some people have been kind enough to help by planting bulbs around the road sign areas. If you would like to do so please feel free but keep within a foot of the signpost so that the gardeners can get round with the cutting equipment.

We might not be quite up to entering the Village in Bloom competition but we can certainly do our part in adding a bit of colour throughout the village for everyone to enjoy. Thank you for your help and support with the planting project.

Before

After

Thanks must also go to councillors who gave up their Monday morning to clear the pavement on Ebor Manor. This corner of the village was overgrown. Now that the smaller plants have been removed and the moss cleared from the pavement it is hoped that East Riding of Yorkshire Council will remove the trees and tidy the area.

Ideas for future events and developments within the village are always considered by the Parish Council. Remember that it is more useful to suggest solutions and ideas than complain about what has or has not happened in the village.

Please keep me informed of up and coming events so that I can include details in the magazine. All pictures are copyrighted[©].

Copy for the Dec/Jan. issue should be sent before Nov. 15th to Mel Smith, 48 Ebor Manor or email Mel.Smith@Moorland.Karoo.co.uk (please put FORWARD as the subject). While every effort is made to ensure accuracy/timings in this newsletter no responsibility can be made for any mistakes, omissions or misinformation.
